H. GILBERT DROWNED

WADING IN NODAWAY RIVER AND SEIZED WITH CRAMPS.

THE BODY WAS RECOVERED

Sad Ending to Fishing Party in Which Mrs. Gilbert, the 17-Year-Old Wife, Sees Her Husband Drown.

Harrison Gilbert, a 21-year-old farmer, employed on the W. R. Wells farm, ten miles southwest of this city, was accidentally drowned about 6 o'clock Sunday evening while fishing in the Nodaway river, six miles from his home.

Gilbert and his wife, accompanied by Mr. and Mrs. Floyd Wynn, who live on the Burman Wells place, a mile and a half from the Gilberts, went to the Nodaway Sunday morning for an all-day fishing trip.

At some time between 5 and 6 o'clock the men were wading about in the river with their fish lines and the women were sitting near their husbands in opposite ends of a boat. Gilbert was approaching the boat when his wife was horrified to see him disappear from view below the surface of the water. The frightened women rushed to the other end of the boat, upsetting it and throwing the occupants in the water. Mrs. Gilbert managed to cling to the boat, but her companion went under the water, and it was only by herculean efforts on the part of Mr. Wynn that both the women were finally stowed safely on the shore. Wynn then turned to the spot where Gilbert had gone under, but the former, having only recently recovered from a broken limb, was so fatigued that he was unable to help the drowning man further, so he hurried in the direction of the nearest house for assistance.

It was very apparent that Gilbert was seized with cramps immediately upon having stepped in the hole, for, with the exception of his hands appearing once above the water, the drowned man was not seen after he first disappeared until his body was recovered an hour later.

Alexander Wells, eldest son of W. R. Wells, upon whose farm Gilbert was employed, was called to the scene of the drowning, and he took the sorrow-stricken party to the Gilbert home in his automobile. The parents of the deceased, who live in the country near Barnard, were notified of their son's death, and they arrived about 10 o'clock last night, having made the trip across the country from their home.

County Coroner Dr. J. H. Todd arrived at the Gilbert home at 9:30 o'clock and summoned a jury, composed of Jesse Patton, foreman; Clarence Bailey, Homer Worl, Alva German, Alex Wells and Will Donahue, who returned the verdict that the deceased had met his death by accidental drowning.

Harrison Gilbert was the youngest of the seven sons of Mr. and Mrs. W. L. Gilbert, who live near Barnard. Had he lived until the 27th day of June he would have been 22 years of age. He was born in Dryden, Va., and moved with his parents to Southern Kansas when 3 years old. Two years ago last March Mr. Gilbert and his family moved to Barnard, where they are engaged in farming.

Harrison Gilbert married a daughter of Mr. and Mrs. W. B. Wickard of Stanberry on the 7th of January, 1911. They went to housekeeping two days later on Mr. Wells' farm, nine miles southwest of Maryville. Although very young, both showed remarkable business ability and conducted the farm to the entire satisfaction of Mr. Wells. The young widow is now but 17 years old. Her parents came early Monday morning to be with her.

Mr. Gilbert is survived by his wife, his parents, six brothers and one sister, who are Riley, Elbert, Will, Silas and Marion Gilbert of Barnard; Floyd Gilbert of Drexel, Mo., and Mrs. Zach Thompson, living southwest of Barnard.

The funeral services will be held in the M. E. church at Barnard Tuesday afternoon at 2:30 o'clock, conducted by the pastor, Rev. W. E. Royston.

Mrs. R. S. Roelofson went to Barnard Saturday evening to visit her son, I. C. Roelofson, and family.

NO ACTION TAKEN YET.

Resignation of Dr. J. S. Ford Deferred to Official Board Meeting Next Monday Night.

Although Dr. J. S. Ford, who last Saturday received an invitation from Baker university to take charge of the raising of a half million dollar endowment fund for that school, has made no definite arrangements with the local church for his resignation, it is very probable that he will accept the call from the Kansas school.

Nothing definite was done at the meeting of the official board Sunday morning following the regular church services, but it is very likely that the board will accept Dr. Ford's resignation at their regular meeting on next Monday night, at which meeting District Superintendent Christy will be present.

TO DIG WELLS ON CRAIG PLACE.

City to Make Additional Trials for Well Water on the Craig Place, East of the City.

The city, through the board of public works, has secured an option on part of the Craig land, east of the city, for the purpose of making additional tests for well water and to see if a sufficient supply could be had for the city. Work on the first well will probably start today.

The wells that were dug on the Beal land and also east of the Wabash track, were very successful, and the board feels encouraged over the results so far. They intend to go much deeper in these wells, so as to give as thorough a test as possible.

BIG DOINGS AT MAITLAND.

That Town Will Be Scene of Motorcycle Races on Saturday, June 29.

Saturday, June 29, is going to be a gala day in Maitland. The headline attraction for the day will be some real live motorcycle races by expert cyclists. There will also be races in the morning for amateurs. Cash prizes will be offered for both events. Base ball games, band concerts and other attractions will be pulled off in the course of the day.

Dorothy Deewester Her Guest.

Miss Dorothy Deewester, the 14-year-old daughter of Dr. and Mrs. Frank Deewester of Bellingham, Wash., arrived in Maryville Saturday night to be the guest of Mrs. James B. Robinson for a week or ten days. Dr. Deewester will arrive in Maryville Tuesday night to be the guest of Mr. and Mrs. Robinson and other Maryville friends for a few days. He is a member of the faculty of the state normal school at Bellingham, and is now on his way to New York to take degree work in one of the universities. Dr. Deewester was the first president of the Northwest Normal in this city. Miss Dorothy will visit her mother's relatives in Warrensburg and with Dr. Deewester's father, near there, and will return home with her father early in September.

NOW THE DEMOCRATS

EVERYONE ANXIOUSLY AWAITING THE OUTCOME THERE.

WILL FURNISH THE NEWS

Telegraphic Bulletins of the Progress of the Convention to Be Displayed by The Democrat-Forum.

Since the Republican national convention has nominated W. H. Taft for president and James S. Sherman for vice president, all eyes are on Baltimore this week, where the Democratic national convention will meet. The Democratic convention will convene on Tuesday at noon, and the first battle will be the selection of a temporary chairman.

Much interest is taken in the Baltimore convention on account of the talk of a third party, or a progressive party, and if a reactionary candidate is selected at Baltimore no doubt the third party movement will be strong in certain sections of the country. If a progressive candidate is selected it is the opinion of many that the third party will not amount to much.

Many Republicans seem to be dissatisfied with the nomination of Taft as their standard bearer. The party in convention at Chicago last week took a stand for Taft, standpat bossism and the rule of the reactionaries, and is still the party of Hanna, Payne and Aldrich, Root and Gallinger and Lorimer.

The convention was the most remarkable in political history, and in the intensity of bitterness and hatred there has been nothing to approach it since Grant tried for a third nomination, and that was a poor imitation. Everybody wanted to hear from the Chicago convention where "thieves," "fraud," "corruption," "bribery" and similar expressions were the best that was said of each other by leaders of the warring factions.

Those from Maryville who attended the convention at Chicago returned home Monday. They were W. C. Pierce, J. S. Shinabargar, H. F. Leet, W. F. Phares, George Robb Ellison and James Todd. Others attending the convention came home last week.

The Democrat-Forum will have the same service for the Baltimore convention as they did at Chicago, and will also be represented at Baltimore by W. C. VanCleve, one of the editors of the paper, who has been at Washington. Bulletin service will be furnished to this paper by the Western Newspaper Union, and also through the Bell Telephone company, who will also maintain a bulletin in front of their office on Fourth street. Telephone calls will be gladly answered.

To Build Near Old Home.

Mr. and Mrs. George B. Baker will soon let the contract for their new residence, which they will build on the lot west of the Baker homestead, where Mr. Baker's sister, Mrs. M. G. Tate and her family reside, 302 West Third street.

Fletcher Irwin of Chicago spent Sunday in Maryville with Mrs. Irwin, who is visiting relatives.

N. Schumacher went to Omaha Saturday night for a few days' visit.

THEY PLAY THE GAME

ENGLAND AND GERMANY HAVE COMPULSORY SYSTEMS.

ADVANTAGE WITH BOYS

They Far Outstrip the Girls in Lung Capacity as Result of Sports Engaged In.

The average boy thinks that there is nothing more remote from play than school, but that such is not the case was very plainly shown by Dr. Henry S. Curtis, secretary of the National Playgrounds association, in his lecture at the Normal Saturday afternoon.

Dr. Curtis said that animals do not play because they are young, but are young that they may play. The play of the young of any animal prepares it for the battle of later life. For instance, it is by playing with the ball and the wind-blown leaf that the kitten learns to catch mice.

Systematic play has long been in practice in the human race. The ancient Greeks had such play for their children, sending them to the playgrounds for half a day and to their studies a half. We have taken our system from the Germans, who in turn got their ideas from the English. Compulsory in Germany and England.

When the Germans first introduced play into their schools the teachers were against it, but the leading educators were persistent and soon had courses of instruction in play in a number of normal schools. Now every regular teacher instructs his pupils. The German children are not allowed to study for more than an hour at a time; then they must take recreation. Playgrounds are situated in all of the parks, and the afternoons are given over to play. Moreover, the pupils are required to be present there just as much as in the class room.

In England the conditions are much the same. Dr. Curtis emphasized the fact that every pupil in the English schools takes part in the games. There are scarcely any school teams such as one sees in this country. The classes and dormitories organize teams and play against each other. True sportmanship pervades these games; a thing hard to find in America, because of the professional coaches and trainers who work to win games instead of working for what is in the game, win or lose.

The girls are taught to play, too, and have cricket games, tennis, hockey, etc.

Vastly Different in America. Conditions in this country are vastly different, and it has been only within the last few years that systematic play has had any place in our schools. The boys of our cities, not content without play, keep up their games in the crowded, dirty streets. The girls, however, give up under such conditions, and as a result, at the age of 14 they have only three-fourths the lung capacity and show a much poorer blood test than boys.

New York City is the leader of our cities in the matter of systematic play in schools. One and one-half hours per day are given to play in the lower grades; the time limit decreasing in the higher grades.

PREST. LANDON TO ASSOCIATION.

Local Music Instructor to Kansas City for Seventeenth Annual Convention.

Professor P. O. Landon will leave in the morning for Kansas City to attend the Missouri State Music Teachers' association, June 25-28, of which he has been president the last two years. During President Landon's administration the association has doubled its membership. They have also paid off an indebtedness and have a fair sum in the treasury.

Mr. J. T. Quarles and Mr. Worst S. Morse, both well known in Maryville musical circles, are vice president and chairman of the executive committee, respectively. Harry Burnell Schuler, formerly an instructor in the local Conservatory, is secretary and treasurer of the association. Miss Lottie Perrin of the Conservatory and Miss Eva Davis of Ravenwood will also attend the association.

Since his coming to Maryville nine years ago Mr. Landon has done wonders toward the development of music, not only in Maryville but in the entire northwestern part of Missouri and Southern Iowa. His having been elected to the presidency of the Music Teachers' association of the state only goes to show that his ability is recognized throughout the country.

In Maryville Next Tuesday and Wednesday

Mr. M. R. Bernay, One of the Most Remarkable of Modern Clairvoyants and the Most Expert Astrologer in the United States.

Office at 201 Buchanan Street, Corner of Fourth, Open From 10 A. M. to 9 P. M.

Prof. Bernay is the Clairvoyant who located J. W. Graham of St. Joseph, a young man, who had been missing two years. Mrs. Graham, the mother, consulted Mr. Bernay, who while in a clairvoyant condition stated that the man was an enlisted sailor on the Battleship Kearsarge and that he would be found there. Telegraphic inquiry confirmed the prediction.

Mr. Julius Daniel of Joplin is now a wealthy mine owner, but 2 years ago was working in a mine at \$3.00 a day in that city. By mere accident he met Mr. Bernay, who pointed out an opportunity to him. Mr. Daniel acted upon the advice with the result that, as he writes in a letter of thanks to Mr. Bernay, "It started me on the road to success and in ten months was worth \$18,000.00 to me."

Miss F. D. of St. Joseph consulted with Bernay after circumstances had broken up a dear friendship between her and a prominent young professional man. In two weeks time through the clairvoyant's advice and help the trouble was settled and the friendship renewed with marriage as a near result.

John Emerson, a prosperous farmer living near Springfield, had buried his money in his backyard, having no faith in banks. He died on April 21, 1910, suddenly without having time to tell the family about this. When no money was found, a son consulted with Mr. Bernay and this resulted in the recovery of \$4,200.00 and valuable papers.

Without asking a single question of his caller, Bernay reveals every important event in his client's life even to the meaning of them in full, showing them how to attain the success they desire in business, investments, speculation, love, courtship, marriage, divorce, lost or absent friends, lawsuits, fortunes, money affairs, health, wills, deeds or anything they may be in doubt about and all be assured of the proper advice and help.

Mr. Bernay may be consulted daily (except Sunday) from 10 a. m. to 9 p. m. Consultations \$1.00 and \$2.00. Everything strictly confidential.

The Reasons B. Raleigh Martin
Is in the Race for Congress

B. Raleigh Martin, Democratic can-
didate for the congressional nomina-
tion from this district, has com-
menced his active campaign, and an-
nounces that he will make speeches
covering every county in this dis-
trict. Mr. Martin has a wide
reputation as one of the ablest
campaigners in the state. He

of government by all the people, for
all the people, to the brave and stain-
less Bryan. Equality before the law
for each individual is written there.
On that rock we can all stand. It is
the old-time Democratic religion, and
it is good enough for me.

"I feel that it is now my time for
this nomination. If entrusted with the

HON. B. R. MARTIN.

was the personal selection of United
States Senator James A. Reed in the
senatorial campaign of two years ago,
to present Reed's claims to the peo-
ple of this state; and Missouri's elo-
quent senator unreservedly attributes
as one of his strongest factors in his
success the speeches made throughout
Missouri by Mr. Martin in his behalf.

B. Raleigh Martin is a product of
Nodaway county, where he was raised
from boyhood, where he read law, and
was admitted to the bar, and prac-
ticed for sixteen years prior to his
removal to St. Joseph about three
years ago. In 1897 he was elected
prosecuting attorney of this county,
and carried it as its choice for con-
gressman in 1906, but was defeated
in the convention by a small majority
by Charles F. Booher, the present con-
gressman.

In presenting his claims for the
nomination Mr. Martin says: "My
distinguished opponent, Mr. Boo-
her, has been selected four times
to this high office, and is
now asking to be nominated for a
fifth term. He was elected to fill the
short term of the late Colonel James
N. Burnes, and thereafter has been
nominated and elected three consecu-
tive times—the years 1906, 1908 and
1910. It will thus be seen that he has
held this office substantially seven
years, which is longer than most of
his predecessors.

"It is a matter of public knowledge,
and well known to every Democrat
who attended the St. Joseph congres-
sional convention of 1906, wherein I
was a candidate, that Mr. Booher, in
that convention, introduced me as his
successor. He declared in that and in
a subsequent campaign, that he would
be a candidate no longer than two
terms, but he has now served his third
consecutive term.

"Since his nomination in 1906, until
now, I have not been a candidate
against him. I have given him my
sincere and unqualified support dur-
ing all these years.

"It is an unalterable and established
rule of the Democratic party—that
there shall be rotation in office, and
that the party honors should be fairly
distributed among the deserving work-
ers who have labored faithfully for its
success. It is not Democratic or
sound policy to bestow all the honors
and emoluments of any public office
upon one person. Public offices be-
long alone to the people, and are
created for the general welfare and
not for the aggrandizement or perpe-
tual preferment of any individual.

"My record as a Democrat is well
known. My services have been freely
given to the cause for many years. I
have answered the bugle call to party
battle, and have made speeches in
many of the great states of the nation
in every campaign of recent years.

"My platform has been written by
the sages of the Democratic party. It
is inspired by the war eagles of De-
mocracy from Jefferson, the champion

TAFT IS CHOICE OF CONVENTION

President is Renominated by Republicans at Chicago.

SHERMAN FOR VICE-PRESIDENT

Party Platform is Submitted and Adopted—Roosevelt's Name Not Presented and T. R. Men Refused to Vote.

Chicago, June 24.—William Howard Taft of Ohio at 9:25 o'clock Saturday night was renominated for president of the United States by the Republican national convention on the first ballot. The vote was Taft 561, Roosevelt 197, La Follette 41, Cummings 17, Hughes 2; absent 6; present and not voting 344.

Vice President James S. Sherman was renominated as Taft's running mate on the first ballot.

Following the nomination for the president, the band played "America," while the aisles were cleared.

Present but not voting, 344.

Nominations for vice president were called at 9:36 o'clock p. m. The roll of states was called.

Alabama yielded to New York. Oklahoma came forward amid applause to name Mr. Sherman of New York for renomination.

C. T. Kratz of Pennsylvania, evidently in derision, named Boies Penrose. It was not seconded. No other nominations were made. Vermont did not present, as expected, the name of Governor Mead.

The roll call on vice president gave: Sherman, 597; Borah, 21; Merriam, 20; Hadley, 14; Beveridge, 2; Gillette, 1; absent 71. Present but not voting, 352.

The revolt of many of the Roosevelt delegates in the convention was open from the moment the permanent roll containing the names of contested delegates was approved. A "valedictory" statement was read in behalf of Colonel Roosevelt asking that his name be not presented and that his delegates sit in mute protest against all further proceedings.

The first test vote after the announcement of the Roosevelt valedictory came on the adoption of the party platform.

The affirmative vote was 666, Roosevelt delegates present and not voting numbered 343. There were 53 noes, 36 of them from the La Follette states of Wisconsin and North Dakota. Senator Robert M. La Follette of Wisconsin was placed before the convention, but Colonel Roosevelt's wishes were carried out by his followers and they remained silent during the call of the states for nominations.

Many of the delegates, however, carried out their primary instructions and voted for the Colonel.

The Platform.
The platform was adopted by a vote of 666 to 53; not voting 343; absent 16. After paying a tribute to Abraham Lincoln it points with pride to the party record in the past and guarantees to meet the problems of the future as satisfactorily as it solved those of the past. It upholds the integrity of the courts, but urges laws to bar delays, declares the party is opposed to special privileges and monopoly and favors a trade commission. The belief in a protective tariff is reaffirmed and the doctrine of a tariff for revenue only is condemned. A prompt scientific inquiry in the cause of the present high cost of living is guaranteed. The need of a better currency system is recognized and an authoritative investigation of agricultural credit societies and corporations in other countries and the passage of state and federal laws for the establishment and capable supervision of organizations having for their purpose the loaning of money to farmers is recommended and urged.

The platform reaffirms the party's adherence to civil service and favors amendment to the federal employee's liability law. Publicity in campaign contributions is indorsed and the party is pledged to a continuance of the policy of conservation of the nation's resources. A parcels post under proper regulations is favored. A revival of the merchant marine is urged to make use of the Panama canal now nearing completion.

Flood prevention and reclamation of arid land is favored and a liberal policy toward improvement of rivers and harbors guaranteed.

The platform also favors a liberal policy toward the development of Alaska and believes the Philippine policy should remain out of politics. Better immigration laws are promised and legislation to make sea voyages safer is favored.

White Off the Committee.

Chicago, June 24.—William Allen White refused to accept his election as a member of the Republican national committee and the Kansas delegation elected in his place F. J. Stanley of Wichita, who was chairman of the state convention at Independence.

NEW PARTY IS ORGANIZED

Republican and Democratic Delegates Nominate Roosevelt.

WILL CALL STATE CONVENTIONS

Progressives Will Endorse Old Party Candidates in States Favoring T. R. Policies—Sandanna Their Emblem.

Chicago, June 24.—The new Progressive party came into existence Saturday night. It had its birth in Orchestra hall, while thousands cheered with an enthusiasm that was not far from religious.

Theodore Roosevelt is its presidential nominee. He accepted the nomination on the condition that it be reaffirmed at a mass convention from all the people, including Democrats as well as Republicans, southerners as well as northerners.

His appeal for the blotting out of party lines in the cause of "our common American citizenship" brought a tremendous outburst from the crowd. "I ask you," he said, "to go to your several homes to find out the sentiment of the people at home and then again come together, I suggest by mass convention, to nominate for the presidency a progressive candidate on a progressive platform that will enable us to plead to northerners and southerners, easterners and westerners, Republicans and Democrats, alike."

It was a wonderful convention, a convention that suggested in its solemnity, as well as its enthusiasm, what must have been the spirit of the men, who met under the Jackson oaks fifty-six years ago to found the Republican party in defense of the rights of man.

It was made up of the Roosevelt delegates, and as many of the people here as could get into the hall, which seats about three thousand. The men who made up the audience were in dead earnest. They were there for a purpose.

When a boy got up to the great pipe organ in the hall and played "America," and "Star Spangled Banner," and then "Mine Eyes Have Seen the Glory of the Coming of the Lord," the audience joined in the singing with the fervor of a religious meeting.

Men from Tennessee and from Massachusetts, and from California and from Maine stood with tears in their eyes as they sang.

Within twenty-four hours a call is to be made for an Illinois convention of Roosevelt supporters, at which a state organization will be formed.

Medill McCormick of Chicago said calls in other states would be issued in rapid succession and that within a few weeks the Progressive party would be organized in every section of the country.

The method of operation in the various states is still to be decided upon. In some cases the Republican candidates for state and national offices, with the exception of President and Vice-President, will be indorsed, with the idea of preserving the state Republican organizations which are in sympathy with the Roosevelt movement.

The bandanna handkerchief was adopted as the "Roosevelt battle flag." Most of the delegates wore flaming bandannas tied around their arms, and others were distributed by the hundreds to the crowds. The bandanna, it was explained, stands for the plain people who ordinarily use them.

Col. Roosevelt gave his sanction to the "battle flag" by appearing with one in his hand, which he waved to the crowd on the street. His daughter, Mrs. Nicholas Longworth, wore a bandanna on her hat.

Allen-Serrell Wedding.

A quiet wedding took place at the home of Mr. and Mrs. R. G. Allen, on West Third street, Monday afternoon at 3 o'clock, when their daughter, Miss Susie, was united in marriage to Mr. Harry K. Serrell of St. Joseph. The ceremony was performed by Rev. L. C. Maggert, pastor of the M. E. church, South, of Dearborn, Mo., near relatives and a few friends witnessing the ceremony. The bride was prettily gowned in a white organdy and carried pink and white carnations. Her going-away suit was of white serge. The bridal couple left on the 4:29 Burlington train for St. Joseph, where they will make their home. Mr. Serrell is in the employ of the Mitchell Automobile company of St. Joseph. The bride has been a resident of Maryville but a few months, yet she has won quite a circle of friends by her true, sweet young womanhood. A pre-nuptial dinner was given at noon Monday by Mr. and Mrs. Allen to fourteen guests. Those present from out of town were Mr. Serrell, Rev. Maggert of Dearborn, Miss Susie Jones of Gower, Miss Bessie Vaughn of Hemple, Mo.

Surprised Mrs. Eckert.

Mrs. Charles J. Eckert was surprised Saturday night by the "Jolly Set," that crowd of folks that never fails to make a surprise party when they make up their minds to give one. Thursday was Mrs. Eckert's birthday anniversary, and she thought that she would be surprised that night, of course, since the crowd always did that way when any of them had a birthday, and got all ready for them, but they didn't come. But she might have known they would come before her birthday or after it, but no one can ever tell just how long before they are going to come or how long after, because they are so determined to surprise their victim. As she got ready the night before the night, and the night after, she gave it up that she was forgotten. Mr. Eckert took her out for a car ride Saturday night to smooth things over, but really to give the crowd a chance to get possession of their home, which they did. Mrs. Eckert did not suspicion their presence until she went to the house to turn on the lights while Mr. Eckert was putting the car in the garage, but he was only looking in at the window to see how she would look when she found her company. He found out. The crowd spent a delightful evening with games when a luncheon was served. Those present were Mr. and Mrs. M. D. Kemp and daughter, Helen; Mr. and Mrs. W. O. Garrett and children, Misses May and Eva Farrar and their niece, Mildred Young of Grangeville, Idaho; Mr. and Mrs. Lawrence Frazee, Mr. and Mrs. George Stafford, Mr. and Mrs. Halbert Catterson and children, Mr. and Mrs. Oscar Latin and children, Mr. and Mrs. Edward Egley and son.

It Was Her First Party.

Mrs. N. Sturm entertained a company of children Saturday afternoon in observance of the sixth birthday anniversary of her little granddaughter, Mayme Elizabeth Gremis. None of the guests were more delighted with the pleasures of the afternoon than the little honor guest, as it was her first party. Mrs. Sturm was assisted in entertaining by her daughters, Misses Clara, Rena and Grace Sturm, and Misses Della and Kattie Gremis. Miss Mayme received many nice gifts from her little friends, the boys bringing her beautiful flowers, many of whom were her kindergarten playmates at the State Normal. Her teacher, Miss Alice Martin, was also present. After a delightful time in playing games and a contest in pinning the tail of a dokey on just right, a nice luncheon was served in the colors of pink and white. In the center of the table was a beautiful white birthday cake, lighted by pink candles. For decoration pink and white flowers formed a large letter M across the table. At each plate were tiny baskets filled with candies, for favors. A few of the invited guests were unable to be present, some being out of the city. The out-of-town guests were Mary Josephine Honnold of Chicago who, with her mother and little sister, are visiting her grandmother and aunt, Mrs. Mary J. Honnold and Mrs. George P. Bellows; Kathryn McMillan of St. Louis, who is on a visit to her grandparents, Captain and

Mrs. I. V. McMillan; Mary and Curtis Coe of Tarkio, who are visiting their grandparents, Mr. and Mrs. Anderson Co. 'g, in company with their mother. The other invited guests were Miss Alice Martin, Margaret Louise Hosmer, Alta Huffine, Mary Lois Pyle, Orrell Anderson Genevieve Todd, Laura Margaret Raines, Mabel Raines, Evelyn Raines, Sara Jones, Bettie Harris, Ruth Olney, Alice Peery, Louise Peery, Florence O'Donnell, Marian Sanders, Gladys Morehouse, Mary Cornutt Harriett Miller, Thelma Peniston, Esther Roseberry, Eva Margaret Frank, Edna Hays, Opal Hays, Emma Hays, Ruth Protzman, Lucile Meyers, Edwina Forsyth, Mary Jane Bellows, Elizabeth Beech, Marjorie Lippman, Forrest Howland Robert Godsey, Robert Whitechurch, Harold Miller, Elwin Broyles, Forrest Martin, Homer Ogden, Victor Moore, Jr., John and Frederick Kirch, Joseph Ford Jackson, Farris Byrnes, Ralph Wilson Eversole, Cleo Yelle Truman and Court Landon and Forrest Smith.

THEY PLAY THE GAME

(Continued from Page 1)

The conditions for starting playgrounds are difficult to meet, for many of the schools are without yards and in the others the janitor owns the yard. One square block is large enough for a playground for a single school. It should be equipped with a sand pile, slide, swings, tennis court, and a place for indoor base ball and volley ball. It should be fenced and shaded with trees set around it.

The Need for Such Training.

Dr. Curtis then pointed out the need of this training in play. All over the country laws are being passed shortening the hours of labor for both men and women. Again, modern methods of work, such as the Taylor system of brick laying, and improved machinery will shorten the old ten hours a day job to a six hours piece of work. This gives the laborer much spare time, and if he does not know how to use it the result will be disastrous. He will spend his time in the saloon and other such places. Therefore, Dr. Curtis thinks that it is highly important to train the coming laborer to use his spare time in profitable recreation.

Volley Ball the Right Game.

The right game is the important thing, and Dr. Curtis thinks that it has been found, in volley ball. This game, although new, has a large following, and is the only game which is being played by the business men in the Y. M. C. A. over the country. The erect position of the body, with the head and shoulders thrown back throughout the game, is an excellent corrective for stooped shoulders, hollow chest and spinal curvature. The fact that it is being played by men, boys and women all over the country gives promise that it will become the real national game. Not a national game like base ball, which is played by boys and professionals only, but a game like cricket, which is played by all English people between the ages of 8 and 80. Moreover, it is a game which everyone can play. It is not strenuous like basket ball, the most straining game known and the hardest on the heart, and at the same time it develops all the muscles of the body.

Long ball and indoor base ball were also recommended by Dr. Curtis.

He then gave a practical demonstration of these games by taking his hearers out on the campus and having them play the games themselves.

Mr. and Mrs. Leo Custer, who have been visiting in Maryville for two weeks with Mr. Custer's parents, Mr. and Mrs. George Custer, left for their home in Pittsburg, Kan., where Mr. Custer is a merchant. They were here on their honeymoon.

H. GILBERT DROWNED

WADING IN NODAWAY RIVER AND SEIZED WITH CRAMPS.

THE BODY WAS RECOVERED

Sad Ending to Fishing Party in Which Mrs. Gilbert, the 17-Year-Old Wife, Sees Her Husband Drown.

Harrison Gilbert, a 21-year-old farmer, employed on the W. R. Wells farm, ten miles southwest of this city, was accidentally drowned about 6 o'clock Sunday evening while fishing in the Nodaway river, six miles from his home.

Gilbert and his wife, accompanied by Mr. and Mrs. Floyd Wynn, who live on the Burman Wells place, a mile and a half from the Gilberts, went to the Nodaway Sunday morning for an all-day fishing trip.

At some time between 5 and 6 o'clock the men were wading about in the river with their fish lines and the women were sitting near their husbands in opposite ends of a boat. Gilbert was approaching the boat when his wife was horrified to see him disappear from view below the surface of the water. The frightened women rushed to the other end of the boat, upsetting it and throwing the occupants in the water. Mrs. Gilbert managed to cling to the boat, but her companion went under the water, and it was only by herculean efforts on the part of Mr. Wynn that both the women were finally stowed safely on the shore. Wynn then turned to the spot where Gilbert had gone under, but the former, having only recently recovered from a broken limb, was so fatigued that he was unable to help the drowning man further, so he hurried in the direction of the nearest house for assistance.

It was very apparent that Gilbert was seized with cramps immediately upon having stepped in the hole, for, with the exception of his hands appearing once above the water, the drowned man was not seen after he first disappeared until his body was recovered an hour later.

Alexander Wells, eldest son of W. R. Wells, upon whose farm Gilbert was employed, was called to the scene of the drowning, and he took the sorrow stricken party to the Gilbert home in his automobile. The parents of the deceased, who live in the country near Barnard, were notified of their son's death, and they arrived about 10 o'clock last night, having made the trip across the country from their home.

County Coroner Dr. J. H. Todd arrived at the Gilbert home at 9:30 o'clock and summoned a jury, composed of Jesse Patton, foreman; Clarence Bailey, Homer Worl, Alva German, Alex Wells and Will Donahue, who returned the verdict that the deceased had met his death by accidental drowning.

Harrison Gilbert was the youngest of the seven sons of Mr. and Mrs. W. L. Gilbert, who live near Barnard. Had he lived until the 27th day of June he would have been 22 years of age. He was born in Dryden, Va., and moved with his parents to Southern Kansas when 3 years old. Two years ago last March Mr. Gilbert and his family moved to Barnard, where they are engaged in farming.

Harrison Gilbert married a daughter of Mr. and Mrs. W. B. Wickard of Stanberry on the 7th of January, 1911. They went to housekeeping two days later on Mr. Wells' farm, nine miles southwest of Maryville. Although very young, both showed remarkable business ability and conducted the farm to the entire satisfaction of Mr. Wells. The young widow is now but 17 years old. Her parents came early Monday morning to be with her.

Mr. Gilbert is survived by his wife, his parents, six brothers and one sister, who are Riley, Elbert, Will, Silas and Marion Gilbert of Barnard; Floyd Gilbert of Drexel, Mo., and Mrs. Zach Thompson, living southwest of Barnard.

The funeral services will be held in the M. E. church at Barnard Tuesday afternoon at 2:30 o'clock, conducted by the pastor, Rev. W. E. Royston.

Mrs. R. S. Roelofson went to Barnard Saturday evening to visit her son, I. C. Roelofson, and family.

Resignation of Dr. J. S. Ford Deferred to Official Board Meeting Next Monday Night.

Although Dr. J. S. Ford, who last Saturday received an invitation from Baker university to take charge of the raising of a half million dollar endowment fund for that school, has made no definite arrangements with the local church for his resignation, it is very probable that he will accept the call from the Kansas school.

Nothing definite was done at the meeting of the official board Sunday morning following the regular church services, but it is very likely that the board will accept Dr. Ford's resignation at their regular meeting on next Monday night, at which meeting District Superintendent Christy will be present.

TO DIG WELLS ON CRAIG PLACE.

City to Make Additional Trials for Well Water on the Craig Place, East of the City.

The city, through the board of public works, has secured an option on part of the Craig land, east of the city, for the purpose of making additional tests for well water and to see if a sufficient supply could be had for the city. Work on the first well will probably start today.

The wells that were dug on the Beal land and also east of the Wabash track, were very successful, and the board feels encouraged over the results so far. They intend to go much deeper in these wells, so as to give as thorough a test as possible.

NOW THE DEMOCRATS

EVERYONE ANXIOUSLY AWAITING THE OUTCOME THERE.

WILL FURNISH THE NEWS

Telegraphic Bulletins of the Progress of the Convention to Be Displayed by The Democrat-Forum.

Since the Republican national convention has nominated W. H. Taft for president and James S. Sherman for vice president, all eyes are on Baltimore this week, where the Democratic national convention will meet. The Democratic convention will convene on Tuesday at noon, and the first battle will be the selection of a temporary chairman.

Much interest is taken in the Baltimore convention on account of the talk of a third party, or a progressive party, and if a reactionary candidate is selected at Baltimore no doubt the third party movement will be strong in certain sections of the country. If a progressive candidate is selected it is the opinion of many that the third party will not amount to much.

Many Republicans seem to be dissatisfied with the nomination of Taft as their standard bearer. The party in convention at Chicago last week took a stand for Taft, standpoint bossism and the rule of the reactionaries, and is still the party of Hanna, Payne and Aldrich, Root and Gallinger and Lorimer.

The convention was the most remarkable in political history, and in the intensity of bitterness and hatred there has been nothing to approach it since Grant tried for a third nomination, and that was a poor imitation. Everybody wanted to hear from the Chicago convention where "thieves," "fraud," "corruption," "bribery" and similar expressions were the best that was said of each other by leaders of the warring factions.

Those from Maryville who attended the convention at Chicago returned home Monday. They were W. C. Pierce, J. S. Shinabargar, H. F. Leet, W. F. Phares, George Robb Ellison and James Todd. Others attending the convention came home last week.

The Democrat-Forum will have the same service for the Baltimore convention as they did at Chicago, and will also be represented at Baltimore by W. C. VanCleve, one of the editors of the paper, who has been at Washington. Bulletin service will be furnished to this paper by the Western Newspaper Union, and also through the Bell Telephone company, who will also maintain a bulletin in front of their office on Fourth street. Telephone calls will be gladly answered.

To Build Near Old Home.

Mr. and Mrs. George B. Baker will soon let the contract for their new residence, which they will build on the lot west of the Baker homestead, where Mr. Baker's sister, Mrs. M. G. Tate and her family reside, 302 West Third street.

Fletcher Irwin of Chicago spent Sunday in Maryville with Mrs. Irwin, who is visiting relatives.

N. Schumacher went to Omaha Saturday night for a few days' visit.

THEY PLAY THE GAME

ENGLAND AND GERMANY HAVE COMPULSORY SYSTEMS.

ADVANTAGE WITH BOYS

They Far Outstrip the Girls in Lung Capacity as Result of Sports Engaged In.

The average boy thinks that there is nothing more remote from play than school, but that such is not the case was very plainly shown by Dr. Henry S. Curtis, secretary of the National Playgrounds association, in his lecture at the Normal Saturday afternoon.

Dr. Curtis said that animals do not play because they are young, but are young that they may play. The play of the young of any animal prepares it for the battle of later life. For instance, it is by playing with the ball and the wind-blown leaf that the kitten learns to catch mice.

Systematic play has long been in practice in the human race. The ancient Greeks had such play for their children, sending them to the playgrounds for half a day and to their studies a half. We have taken our system from the Germans, who in turn got their ideas from the English. Compulsory in Germany and England.

When the Germans first introduced play into their schools the teachers were against it, but the leading educators were persistent and soon had courses of instruction in play in a number of normal schools. Now every regular teacher instructs his pupils. The German children are not allowed to study for more than an hour at a time; then they must take recreation. Playgrounds are situated in all of the parks, and the afternoons are given over to play. Moreover, the pupils are required to be present there just as much as in the class room.

In England the conditions are much the same. Dr. Curtis emphasized the fact that every pupil in the English schools takes part in the games. There are scarcely any school teams such as one sees in this country. The classes and dormitories organize teams and play against each other. True sportmanship pervades these games; a thing hard to find in America, because of the professional coaches and trainers who work to win games instead of working for what is in the game, win or lose.

The girls are taught to play, too, and have cricket games, tennis, hockey, etc.

Vastly Different in America.

Conditions in this country are vastly different, and it has been only within the last few years that systematic play has had any place in our schools. The boys of our cities, not content without play, keep up their games in the crowded, dirty streets. The girls, however, give up under such conditions, and as a result, at the age of 14 they have only three-fourths the lung capacity and show a much poorer blood test than boys.

New York City is the leader of our cities in the matter of systematic play in schools. One and one-half hours per day are given to play in the lower grades; the time limit decreasing in the higher grades.

PREST. LANDON TO ASSOCIATION.

Local Music Instructor to Kansas City for Seventeenth Annual Convention.

Professor P. O. Landon will leave in the morning for Kansas City to attend the Missouri State Music Teachers' association, June 25-28, of which he has been president the last two years. During President Landon's administration the association has doubled its membership. They have also paid off an indebtedness and have a fair sum in the treasury.

Mr. J. T. Quarles and Mr. Worst S. Morse, both well known in Maryville musical circles, are vice president and chairman of the executive committee, respectively. Harry Burnell Schuler, formerly an instructor in the local Conservatory, is secretary and treasurer of the association. Miss Lottie Perrin of the Conservatory and Miss Eva Davis of Ravenwood will also attend the association.

Since his coming to Maryville nine years ago Mr. Landon has done wonders toward the development of music, not only in Maryville but in the entire northwestern part of Missouri and Southern Iowa. His having been elected to the presidency of the Music Teachers' association of the state only goes to show that his ability is recognized throughout the country.

After this decision the committee began hearing of seventy-nine contests over delegates' seats, and the session was held under closed doors, all newspaper men being barred.

In Maryville Next Tuesday and Wednesday

Mr. M. R. Bernay, One of the Most Remarkable of Modern Clairvoyants and the Most Expert Astrologer in the United States.

Office at 201 Buchanan Street, Corner of Fourth, Open From 10 A. M. to 9 P. M.

Prof. Bernay is the Clairvoyant who located J. W. Graham of St. Joseph, a young man, who had been missing two years. Mrs. Graham, the mother, consulted Mr. Bernay, who while in a clairvoyant condition stated that the man was an enlisted sailor on the Battleship Kearsarge and that he would be found there. Telegraphic inquiry confirmed the prediction.

Mr. Julius Daniel of Joplin is now a wealthy mine owner, but 2 years ago was working in a mine at \$3.00 a day in that city. By mere accident he met Mr. Bernay, who pointed out an opportunity to him. Mr. Daniel acted upon the advice with the result that, as he writes in a letter of thanks to Mr. Bernay, "It started me on the road to success and in ten months was worth \$18,000.00 to me."

Miss F. D. of St. Joseph consulted with Bernay after circumstances had broken up a dear friendship between her and a prominent young professional man. In two weeks time through the clairvoyant's advice and help the trouble was settled and the friendship renewed with marriage as a near result.

John Emerson, a prosperous farmer living near Springfield, had buried his money in his backyard, having no faith in banks. He died on April 21, 1910, suddenly without having time to tell the family about this. When no money was found, a son consulted with Mr. Bernay and this resulted in the recovery of \$4,200.00 and valuable papers.

Without asking a single question of his caller, Bernay reveals every important event in his client's life even to the meaning of them in full, showing them how to attain the success they desire in business, investments, speculation, love, courtship, marriage, divorce, lost or absent friends, lawsuits, fortunes, money affairs, health, wills, deeds or anything they may be in doubt about and all be assured of the proper advice and help.

Mr. Bernay may be consulted daily (except Sunday) from 10 a. m. to 9 p. m. Consultations \$1.00 and \$2.00 Everything strictly confidential.

The Reasons B. Raleigh Martin Is in the Race for Congress

B. Raleigh Martin, Democratic candidate for the congressional nomination from this district, has commenced his active campaign, and announces that he will make speeches covering every county in this district. Mr. Martin has a wide reputation as one of the ablest campaigners in the state. He

of government by all the people, for all the people, to the brave and stainless Bryan. Equality before the law for each individual is written there. On that rock we can all stand. It is the old-time Democratic religion, and it is good enough for me.

"I feel that it is now my time for this nomination. If entrusted with the

HON. B. R. MARTIN.

was the personal selection of United States Senator James A. Reed in the senatorial campaign of two years ago, to present Reed's claims to the people of this state; and Missouri's eloquent senator unreservedly attributes as one of his strongest factors in his success the speeches made throughout Missouri by Mr. Martin in his behalf.

B. Raleigh Martin is a product of Nodaway county, where he was raised from boyhood, where he read law, and was admitted to the bar, and practiced for sixteen years prior to his removal to St. Joseph about three years ago. In 1897 he was elected prosecuting attorney of this county, and carried it as its choice for congressman in 1906, but was defeated in the convention by a small majority by Charles F. Booher, the present congressman.

In presenting his claims for the nomination Mr. Martin says: "My distinguished opponent, Mr. Booher, has been selected four times to this high office, and is now asking to be nominated for a fifth term. He was elected to fill the short term of the late Colonel James N. Burnes, and thereafter has been nominated and elected three consecutive times—the years 1906, 1908 and 1910. It will thus be seen that he has held this office substantially seven years, which is longer than most of his predecessors.

"It is a matter of public knowledge, and well known to every Democrat who attended the St. Joseph congressional convention of 1906, wherein I was a candidate, that Mr. Booher, in that convention, introduced me as his successor. He declared in that and in a subsequent campaign, that he would be a candidate no longer than two terms, but he has now served his third consecutive term.

"Since his nomination in 1906, until now, I have not been a candidate against him. I have given him my sincere and unqualified support during all these years.

"It is an unalterable and established rule of the Democratic party that there shall be rotation in office, and that the party honors should be fairly distributed among the deserving workers who have labored faithfully for its success. It is not Democratic or sound policy to bestow all the honors and emoluments of any public office upon one person. Public offices belong alone to the people, and are created for the general welfare and not for the aggrandizement or perpetual preferment of any individual.

"My record as a Democrat is well known. My services have been freely given to the cause for many years. I have answered the bugle call to party battle, and have made speeches in many of the great states of the nation in every campaign of recent years.

"My platform has been written by the sages of the Democratic party. It is inspired by the war eagles of Democracy from Jefferson, the champion

high commission as representative in congress of the people comprising the splendid citizenship of this district my most zealous aspiration will be to serve with abiding fealty, the party of my faith, coupled with fidelity to the welfare of the whole people."

TAFT IS CHOICE OF CONVENTION

President is Renominated by Republicans at Chicago.

SHERMAN FOR VICE-PRESIDENT

Party Platform is Submitted and Adopted--Roosevelt's Name Not Presented and T. R. Men Refused to Vote.

Chicago, June 24.--William Howard Taft of Ohio at 9:25 o'clock Saturday night was renominated for president of the United States by the Republican national convention on the first ballot. The vote was Taft 561, Roosevelt 197, La Follette 41, Cummins 17, Hughes 2; absent 6; present and not voting 344.

Vice President James S. Sherman was renominated as Taft's running mate on the first ballot.

Following the nomination for the president, the band played "America," while the aisles were cleared.

Absent, 6.
Present but not voting, 344.

Nominations for vice president were called at 9:36 o'clock p. m. The roll of states was called.

Alabama yielded to New York. Olcott came forward amid applause to name Mr. Sherman of New York for renomination.

C. T. Kratz of Pennsylvania, evidently in derision, named Boies Penrose. It was not seconded. No other nominations were made. Vermont did not present, as expected, the name of Governor Mead.

The roll call on vice president gave: Sherman, 597; Borah, 21; Merriam, 20; Hadley, 14; Beveridge, 2; Gillette, 1; absent 71. Present but not voting, 352.

The revolt of many of the Roosevelt delegates in the convention was open from the moment the permanent roll containing the names of contested delegates was approved. A "valetudinary" statement was read in behalf of Colonel Roosevelt asking that his name be not presented and that his delegates sit in mute protest against all further proceedings.

The first test vote after the announcement of the Roosevelt valetudinary came on the adoption of the party platform.

The affirmative vote was 666. Roosevelt delegates present and not voting numbered 343. There were 53 noes, 26 of them from the La Follette states of Wisconsin and North Dakota. Senator Robert M. La Follette of Wisconsin was placed before the convention, but Colonel Roosevelt's wishes were carried out by his followers and they remained silent during the call of the states for nominations.

Many of the delegates, however, carried out their primary instructions and voted for the Colonel.

The Platform.

The platform was adopted by a vote of 666 to 53; not voting 343; absent 16. After paying a tribute to Abraham Lincoln it points with pride to the party record in the past and guarantees to meet the problems of the future as satisfactorily as it solved those of the past. It upholds the integrity of the courts, but urges laws to bar delays, declares the party is opposed to special privileges and monopoly and favors a trade commission. The belief in a protective tariff is reaffirmed and the doctrine of a tariff for revenue only is condemned. A prompt scientific inquiry in the cause of the present high cost of living is guaranteed. The need of a better currency system is recognized and an authoritative investigation of agricultural credit societies and corporations in other countries and the passage of state and federal laws for the establishment and capable supervision of organizations having for their purpose the loaning of funds to farmers is recommended and urged.

The platform reaffirms the party's adherence to civil service and favors amendment to the federal employee's liability law. Publicity in campaign contributions is indorsed and the party is pledged to a continuance of the policy of conservation of the nation's resources. A parcels post under proper regulations is favored. A revival of the merchant marine is urged to make use of the Panama canal now nearing completion. Flood prevention and reclamation of arid land is favored and a liberal policy toward improvement of rivers and harbors guaranteed. The platform also favors a liberal policy toward the development of Alaska and believes the Philippine policy should remain out of politics. Better immigration laws are promised and legislation to make sea voyages safer is favored.

NEW PARTY IS ORGANIZED

Republican and Democratic Delegates Nominate Roosevelt.

WILL CALL STATE CONVENTIONS

Progressives Will Endorse Old Party Candidates in States Favoring T. R. Policies--Bandanna Their Emblem.

Chicago, June 24.--The new Progressive party came into existence Saturday night. It had its birth in Orchestra hall, while thousands cheered with an enthusiasm that was not far from religious.

Theodore Roosevelt is its presidential nominee. He accepted the nomination on the condition that it be reaffirmed at a mass convention from all the people, including Democrats as well as Republicans, southerners as well as northerners.

His appeal for the blotting out of party lines in the cause of "our common American citizenship" brought a tremendous outburst from the crowd.

"I ask you," he said, "to go to your several homes to find out the sentiment of the people at home and then again come together, I suggest by mass convention, to nominate for the presidency a progressive candidate on a progressive platform that will enable us to plead to northerners and southerners, easterners and westerners, Republicans and Democrats, alike."

It was a wonderful convention, a convention that suggested in its solemnity, as well as its enthusiasm, what must have been the spirit of the men, who met under the Jackson oaks fifty-six years ago to found the Republican party in defense of the rights of man.

It was made up of the Roosevelt delegates, and as many of the people here as could get into the hall, which seats about three thousand. The men who made up the audience were in dead earnest. They were there for a purpose.

When a boy got up to the great pipe organ in the hall and played "America," and "Star Spangled Banner," and then "Mine Eyes Have Seen the Glory of the Coming of the Lord," the audience joined in the singing with the fervor of a religious meeting.

Men from Tennessee and from Massachusetts, and from California and from Maine stood with tears in their eyes as they sang.

Within twenty-four hours a call is to be made for an Illinois convention of Roosevelt supporters, at which a state organization will be formed.

Medill McCormick of Chicago said calls in other states would be issued in rapid succession and that within a few weeks the Progressive party would be organized in every section of the country.

The method of operation in the various states is still to be decided upon. In some cases the Republican candidates for state and national offices, with the exception of President and Vice-President, will be indorsed, with the idea of preserving the state Republican organizations which are in sympathy with the Roosevelt movement.

The bandanna handkerchief was adopted as the "Roosevelt battle flag." Most of the delegates wore flaming bandannas tied around their arms, and others were distributed by the hundreds to the crowds. The bandanna. It was explained, stands for the plain people who ordinarily use them.

Col. Roosevelt gave his sanction to the "battle flag" by appearing with one in his hand, which he waved to the crowd on the street. His daughter, Mrs. Nicholas Longworth, wore a bandanna on her hat.

Wants Rebel Police.

Allen-Serrell Wedding.

A quiet wedding took place at the home of Mr. and Mrs. R. G. Allen, on West Third street, Monday afternoon at 3 o'clock, when their daughter, Miss Susie, was united in marriage to Mr. Harry K. Serrell of St. Joseph. The ceremony was performed by Rev. L. C. Maggart, pastor of the M. E. church, South, of Dearborn, Mo., near relatives and a few friends witnessing the ceremony. The bride was prettily gowned in a white organdy and carried pink and white carnations. Her going-away suit was of white serge. The bridal couple left on the 4:29 Burlington train for St. Joseph, where they will make their home. Mr. Serrell is in the employ of the Mitchell Automobile company of St. Joseph. The bride has been a resident of Maryville but a few months, yet she has won quite a circle of friends by her true, sweet young womanhood. A pre-nuptial dinner was given at noon Monday by Mr. and Mrs. Allen to fourteen guests. Those present from out of town were Mr. Serrell, Rev. Maggart of Dearborn, Miss Susie Jones of Gower, Miss Bessie Vaughn of Hemple, Mo.

Surprised Mrs. Eckert.

Mrs. Charles J. Eckert was surprised Saturday night by the "Jolly Set," that crowd of folks that never fails to make a surprise party when they make up their minds to give one. Thursday was Mrs. Eckert's birthday anniversary, and she thought that she would be surprised that night, of course, since the crowd always did that way when any of them had a birthday, and got all ready for them, but they didn't come. But she might have known they would come before her birthday or after it, but no one can ever tell just how long before they are going to come or how long after, because they are so determined to surprise their victim. As she got ready the night before the night, and the night after, she gave it up that she was forgotten. Mr. Eckert took her out for a car ride Saturday night to smooth things over, but really to give the crowd a chance to get possession of their home, which they did. Mrs. Eckert did not suspect their presence until she went to the house to turn on the lights while Mr. Eckert was putting the car in the garage, but he was only looking in at the window to see how she would look when she found her company. He found out. The crowd spent a delightful evening with games when a luncheon was served. Those present were Mr. and Mrs. M. D. Kemp and daughter, Helen; Mr. and Mrs. W. O. Garrett and children, Misses May and Eva Farrar and their niece, Mildred Young of Grangeville, Idaho; Mr. and Mrs. Lawrence Frazee, Mr. and Mrs. George Stafford, Mr. and Mrs. Halbert Catterson and children, Mr. and Mrs. Oscar Latin and children, Mr. and Mrs. Edward Egley and son.

It Was Her First Party.

Mrs. N. Sturm entertained a company of children Saturday afternoon in observance of the sixth birthday anniversary of her little granddaughter, Mayme Elizabeth Grems. None of the guests were more delighted with the pleasures of the afternoon than the little honor guest, as it was her first party. Mrs. Sturm was assisted in entertaining by her daughters, Misses Clara, Rena and Grace Sturm, and Misses Della and Kittie Grems. Miss Mayme received many nice gifts from her little friends, the boys bringing her beautiful flowers, many of whom were her kindergarten playmates at the State Normal. Her teacher, Miss Alice Martin, was also present. After a delightful time in playing games and a contest in pinning the tail of a dokey on just right, a nice luncheon was served in the colors of pink and white. In the center of the table was a beautiful white birthday cake, lighted by pink candles. For decoration pink and white flowers formed a large letter M across the table. At each place were tiny baskets filled with candies, for favors. A few of the invited guests were unable to be present, some being out of the city. The out-of-town guests were Mary Josephine Honnold of Chicago who, with her mother and little sister, are visiting her grandmother and aunt, Mrs. Mary J. Honnold and Mrs. George P. Bellows; Kathryn McMillan of St. Louis, who is on a visit to her grandparents, Captain and

Mrs. I. V. McMillan; Mary and Curtis Coe of Tarkio, who are visiting their grandparents, Mr. and Mrs. Anderson Co. g., in company with their mother. The other invited guests were Miss Alice Martin, Margaret Louise Hosmer, Alta Huffine, Mary Lois Pyle, Orrell Anderson Genevieve Todd, Laura Margaret Raines, Mabel Raines Evelyn Raines, Sara Jones, Bettie Harris, Ruth Olney, Alice Peery, Louise Peery, Florence O'Donnell, Marian Sanders, Gladys Morehouse, Mary Cornutt Harriett Miller, Thelma Peniston, Esther Roseberry, Eva Margaret Frank, Edna Hays, Opal Hays, Emma Hays, Ruth Protzman, Lucile Meyers, Edwina Forsyth, Mary Jane Bellows, Elizabeth Beech, Marjorie Lippman, Forrest Howland Robert Godsey, Robert Whitechurch, Harold Miller, Elwin Broyles, Forrest Martin, Homer Ogden, Victor Moore, Jr., John and Frederick Kirch, Joseph Ford Jackson, Farris Byrnes, Ralph Wilson Everole, Cleo Yelle Truman and Court Landon and Forrest Smith.

THEY PLAY THE GAME

(Continued from Page 1)

The conditions for starting playgrounds are difficult to meet, for many of the schools are without yards and in the others the janitor owns the yard. One square block is large enough for a playground for a single school. It should be equipped with a sand pile, slide, swings, tennis court, and a place for indoor base ball and volley ball. It should be fenced and shaded with trees set around it.

The Need for Such Training.

Dr. Curtis then pointed out the need of this training in play. All over the country laws are being passed shortening the hours of labor for both men and women. Again, modern methods of work, such as the Taylor system of brick laying, and improved machinery will shorten the old ten hours a day job to a six hours piece of work. This gives the laborer much spare time, and if he does not know how to use it the result will be disastrous. He will spend his time in the saloon and other such places. Therefore, Dr. Curtis thinks that it is highly important to train the coming laborer to use his spare time in profitable recreation.

Volley Ball the Right Game.

The right game is the important thing, and Dr. Curtis thinks that it has been found, in volley ball. This game, although new, has a large following, and is the only game which is being played by the business men in the Y. M. C. A. over the country. The erect position of the body, with the head and shoulders thrown back throughout the game, is an excellent corrective for stooped shoulders, hollow chest and spinal curvature. The fact that it is being played by men, boys and women all over the country gives promise that it will become the real national game. Not a national game like base ball, which is played by boys and professionals only, but a game like cricket, which is played by all English people between the ages of 8 and 80. Moreover, it is a game which everyone can play. It is not strenuous like basket ball, the most straining game known and the hardest on the heart, and at the same time it develops all the muscles of the body.

Long ball and indoor base ball were also recommended by Dr. Curtis. He then gave a practical demonstration of these games by taking his hearers out on the campus and having them play the games themselves.
